INDEPENDENT AUDITORS' REPORT

Board of Commissioners
Housing and Redevelopment Authority of Brainerd
Brainerd, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the remaining fund information of the Housing and Redevelopment Authority of Brainerd (the Authority), a component unit of the City of Brainerd, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the remaining fund information of the Authority as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Trail Ridge II, which is both a major enterprise fund and which represents 14%, and 5%, respectively, of the assets, and revenues of the business-type activities as of December 31, 2022, and the respective changes in net position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as they relate to the amounts included for Trail Ridge II, are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in the Authority's OPEB liability and related ratios, and the budgetary comparison schedules – general fund, downtown TIF fund and notes be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The financial data schedule, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the financial data schedule, and schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the statement and certification of actual capital fund grants costs but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

Other Information (Continued)

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 11, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**HOUSING AND REDEVELOPMENT AUTHORITY OF BRAINERD
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2022**

As management of the Housing and Redevelopment Authority of Brainerd, Minnesota (the Authority), we offer the following narrative overview and analysis of the Authority's financial statements and activities for the fiscal year ended December 31, 2022:

FINANCIAL HIGHLIGHTS

- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$5,728,325 (net position). The Authority shows unrestricted net position of \$1,523,697 at year-end.
- The Authority's total net position increased by \$157,210.
- At December 31, 2022, the Authority's governmental funds reported an ending fund balance of \$754,641, an increase of \$141,381 in comparison with the prior year. Of this total fund balance, \$206,408 is available for spending at the Authority's discretion.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Authority's basic financial statements. This Authority's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Authority's assets, deferred outflows, deferred inflows, and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Authority that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Authority include general government and economic development. The business-type activities of the Authority include public housing, housing choice vouchers, bridges rental assistance, and Trail Ridge II operations.

The government-wide financial statements include not only the Authority itself (known as the primary government), but also Trail Ridge II for which the Authority is financially accountable. Financial information for this component unit is presented blended with the business-type activities of the financial information presented for the primary government.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Authority can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Authority's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the Authority's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Authority maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, downtown tax increment financing fund, debt service fund, and tax forfeiture. There are no nonmajor governmental funds.

The Authority adopts an annual appropriated budget for its General Fund and Downtown TIF Fund. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with this budget.

Proprietary Funds – Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Authority uses enterprise funds to account for its Public Housing, Housing Choice Vouchers, Bridges Rental Assistance, and Trail Ridge II operations.

The proprietary fund provides the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Public Housing, Housing Choice Vouchers, Bridges Rental Assistance, and Trail Ridge II operations, which are all considered to be major funds of the Authority.

Fiduciary Fund – Fiduciary funds are used to account for resources held for the benefit of parties outside the Authority. Fiduciary funds are not reflected in the government-wide statements because the resources of the funds are not available to support the Authority's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The **Statement of Net Position** presents information on all of the Authority's assets, deferred inflows, deferred outflows, and liabilities with the difference between the two reported as net position. FINANCIAL ANALYSIS OF THE AUTHORITY AT THE FUND LEVEL

Governmental Funds

As the Authority completed the year, its governmental funds reported a combined fund balance of \$754,641.

Revenues for the Authority's governmental funds were \$1,022,737, while total expenditures were \$888,206.

The General Fund's fund balance increased \$140,732 from the prior year. This is due primarily to more taxes received and state grants.

The Downtown TIF Fund's fund balance decreased \$21 from the prior year. This is due to the Authority incurring legal and financial advisory expenses related to the bond payoff.

The Tax Forfeited Property Fund's fund balance increased \$670 from the prior year.

The Public Housing Fund's net position decreased \$215,329 from the prior year. This is due primarily to less intergovernmental revenues.

The Housing Choice Voucher Fund's net position decreased \$72,091 from the prior year. This is due primarily to an increase in Housing Assistance Payments (HAP) per month.

The Bridges Rental Assistance Fund's net position increased \$8 from the prior year.

The Trail Ridge II Fund's net position decreased \$504 in the current year.

General Fund Budgetary Highlights

Over the course of the year, the Authority did not revise the annual operating budget. Historically, the Authority has not made budget amendments during the year.

- Actual revenues were \$83,915 more than expected. This is primarily due to the Authority receiving more state grant revenue than expected.
- The actual expenditures were \$27,886 less than budget. This is primarily due to a decrease in wages and other program initiative expenses.

CAPITAL ASSET ACTIVITY

The Authority's capital assets, net of accumulated depreciation/amortization at December 31, 2022, amounted to \$4,410,875. This investment in capital assets includes land, buildings and improvements, right-to-use assets, and furniture, fixtures, and equipment. Net capital assets decreased in total by \$210,837. This decrease in capital assets is due to an increase in accumulated depreciation/amortization of \$349,168 offset with additions of \$138,384. The Authority has land related to governmental activities.

ECONOMIC FACTORS AND NEXT YEAR'S ITEMS

Calendar year 2023 Housing Choice Voucher (HCV) Administrative Fees will be initially funded at approximately 89%. HCV Housing Assistance Payments are estimated to be funded at approximately 100% with an inflation factor of 9.9%.

Calendar year 2023 Public Housing Operating Subsidy will be funded at significantly higher levels than the prior year due to utility and expense inflation factors. Initial proration levels for 2023 are set at 95%.

The following initiatives will be pursued in 2023:

1. The Authority will be administering the Small Cities Development Program for Crow Wing County in Garrison and Jenkins along with submitting a Small Cities application for southeast Brainerd.
2. The Authority will continue to explore options to partner with local organizations and developers for the revitalization of Brainerd.
3. The Authority will continue to apply for state and federal grants to assist the residents of Crow Wing County.
4. The Authority will be exploring capacity to acquire tracts of land for the creation of housing.
5. The Authority will be pursuing the conveyance by the County to the Authority of tax forfeited properties as the opportunity arises with interested developers for infill projects.
6. The Authority will be working with the City and a developer on creating a redevelopment TIF district for a redevelopment mixed use project in downtown Brainerd.

TO THE STATEMENT OF NET POSITION
GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2022**

Total Fund Balances for Governmental Funds \$ 754,641

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	77,400
Machinery and Equipment, Net of Accumulated Depreciation	3,140

Long-term liabilities that pertain to governmental funds are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the statement of net position.

RECONCILIATION OF THE GOVERNMENTAL FUNDS
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Governmental Funds \$ 141,381

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense.

Capital Outlay	\$ 3,193	
Depreciation Expense	<u>(53)</u>	3,140

The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing (repaying) debt increases (decreases) long-term liabilities and does not affect the statement of activities.

Repayment of Bond Principal	284,000	
Change in Accrued Interest Expense	8,497	
Other Postemployment Benefits	<u>9,626</u>	302,123

In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used. During 2022, compensated absences payable increased.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Housing and Redevelopment Authority of Brainerd (the Authority) was created by the City of Brainerd, Minnesota to carry out redevelopment of blighted areas and to establish safe and sanitary dwelling accommodations for veterans, persons of low income, and the elderly. The Authority was formed and operates pursuant to applicable Minnesota laws. The governing board consists of a six-member board and one resident commissioner appointed by the Mayor/City Council to serve five-year terms. The Authority is considered to be a component unit of the City of Brainerd.

The accounting policies of the Authority conform to accounting principles generally accepted in the United States of America.

A. Financial Reporting Entity

The Authority's policy is to include in the financial statements all funds, departments, agencies, boards, commissions, and other component units for which the Authority is considered to be financially accountable.

Component units are legally separate entities for which the Authority (Primary Government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the Primary Government misleading. The criteria used to determine if the Primary Government is financially accountable for a component unit include whether or not the Primary Government appoints a voting majority of an organization's governing body and has the ability to impose its will on the governing body; or there is a specific financial benefit or to impose a specific financial burden on the Primary Government.

The basic financial statements of the Authority include Trail Ridge II. Trail Ridge II is an entity legally separate from the Authority. The Authority reports Trail Ridge II as a blended component unit in accordance with GASB Statement No. 14, as amended, because the Authority's Board is the governance for Trail Ridge II and the Authority makes day-to-day decisions for this project. The Authority is the general partner in Trail Ridge II, Limited Partnership, a privately owned housing project located in Brainerd, Minnesota. The Authority's ownership in the project is 99% and its capital investment in the project is \$144,810 at December 31, 2022.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) include the financial activities of the overall Authority, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

HOUSING AND REDEVELOPMENT AUTHORITY OF BRAINERD
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of each function of the Authority's governmental activities and different business-type activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. The Authority considers all revenues to be available if they are collected within 60 days after the end of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Authority.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

The Authority reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the Authority. It accounts for all the financial resources of the Authority, except those required to be accounted for in another fund.

Downtown TIF Fund – The Downtown TIF Fund is used to account for the Downtown TIF District activity. This fund collects tax increments which are used to repay the debt related to the construction and subsequent sale of a downtown office building site.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation bond principal, interest, and related costs of governmental funds.

Tax Forfeited Property Fund – The Tax Forfeited Fund is used to account for resources from the purchase and sale of tax forfeited property.

The Authority reports the following major proprietary funds:

Public Housing Fund – The Public Housing Fund is used to account for the renting of HUD rental units to eligible persons and for grant monies received for major improvements to HUD properties.

Housing Choice Vouchers Fund – The Housing Choice Vouchers Fund is used to account for providing low-income persons with rental assistance to private landlords.

Bridges Rental Assistance Fund – The Bridges Rental Assistance Fund is used to account for providing temporary rental assistance to people with serious mental illness while they are waiting to be enrolled in the housing choice vouchers program.

Trail Ridge II Fund – The Trail Ridge II Fund is a blended component unit of the Authority used to account for providing low-income housing utilizing the housing tax credit program.

Additionally, the Authority reports the following fiduciary fund type:

Custodial Fund – The Custodial Fund is used to account for assets held by the Authority for other properties.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Authority's enterprise funds are charges to tenants for rent and housing assistance payments. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, and then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Position or Equity

1. Cash and Investments

Cash balances from all funds (including cash equivalents) are pooled and invested to the extent available in various securities as authorized by Minnesota Statutes.

Cash equivalents are considered to be short-term, highly-liquid investments that are readily convertible to cash and have original maturities of three months or less.

For the purposes of the statement of cash flows of the proprietary fund types, the Authority considers all cash and investments under the classifications current assets and restricted assets to be cash and cash equivalents. Cash and cash equivalents consist of checking and saving certificate accounts, cash on hand, and money market savings accounts.

2. Restricted Assets

The enterprise funds, based on certain laws and bond agreements, are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments). The Authority maintains separate accounts for required tenant security deposits and bond proceeds.

3. Accounts Receivable

Accounts receivable in excess of 90 days after move out date is written-off as uncollectible. Bad debt expense of \$13,249 for 2022 was written off in the Public Housing Fund. Outstanding tenant balances related to fraud remaining unpaid 12 months following the tenant's move out will be moved to an allowance account. The balance will remain for 12 months in the allowance account and then will be written-off.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Position or Equity (Continued)

4. Taxes Receivable

Taxes which remain unpaid are classified as delinquent taxes receivable. Delinquent taxes represent the past seven years of uncollected tax years. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is unavailable because it is not known to be available to finance the operations of the Authority in the current year. No allowance for uncollectible taxes has been provided as such amounts are not expected to be material.

Property Tax Collection Calendar

The City, on behalf of the Authority, levies its property tax for the subsequent year during the month of December. In Minnesota, the lien date and assessment date is January 2. The property tax is recorded as revenue when it becomes available. The County is the collecting agency for the levy and then remits the collections to the Authority. All taxes not collected as of December 31 each year are shown as delinquent taxes receivable.

The county auditor establishes the listing of all taxable property in the City, applying the applicable tax capacity rate to the tax capacity value of individual properties, to arrive at the actual tax for each property.

The county auditor turns over a list of taxes to be collected on each parcel of property to the county treasurer in January of each year. Property owners are required to pay one-half of their real estate taxes by May 15 and the balance by October 15.

Within 30 days after the May settlement, the county treasurer is required to pay 70% of the estimated collections of taxes to the Authority. The county treasurer must pay the balance to the Authority within 60 days after settlement, provided that after 45 days interest begins to accrue.

Within 10 business days after November 15, the county treasurer shall pay to each taxing district, except any school district, 100% of the estimated collections arising from taxes levied by and belonging to each taxing district from May 20 to November 20.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Position or Equity (Continued)

5. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the estimated useful lives of the individual assets, which range from five to forty years.

6. Leases

For lease receivables, the Authority determines if an arrangement is a lease at inception. Leases in excess of twelve months are included in lease receivables and deferred inflows of resources.

Lease receivables represent the Authority's claim to receive lease payments over the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease receivables are recognized at commencement date based on the present value of expected lease payments over the lease term, reduced by any provision for estimated uncollectible amounts. Interest revenue is recognized ratably over the contract term.

Deferred inflows of resources related to leases are recognized at the commencement date based on the initial measurement of the lease receivable, plus any payments received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The deferred inflows related to leases are recognized as lease revenue in a systematic and rational manner over the lease term.

For lease payables, the Authority determines if an arrangement is a lease at inception. Leases in excess of twelve months are included in lease assets and lease liabilities in the statements of net position.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Position or Equity (Continued)

6. Leases (Continued)

Lease assets represent the Authority's control of the right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease assets are recognized at the commencement date based on the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

The lease term may include options to extend or terminate the lease when it is reasonably certain that the Entity will exercise that option.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Authority has elected to use its incremental borrowing rate to calculate the present value of expected lease payments.

7. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

8. Tenant Deposits

Security deposits are collected from tenants and are held in separate interest bearing bank accounts. The related liability consists of actual deposits and includes any interest earned by tenants on deposits. Refunds are made when a tenant leaves. Any interest earned by the tenant is recorded as an increase of the tenant deposit interest liability.

**HOUSING AND REDEVELOPMENT AUTHORITY OF BRAINERD
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Position or Equity (Continued)

9. Equity

Equity is divided into the following sections:

Net Position – Net position represent the difference between assets, deferred inflows, deferred outflows, and liabilities in the government-wide and proprietary fund financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any debt used to build or acquire the capital assets. Net position is reported as restricted in the Government-wide and Proprietary Fund financial statements when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

Fund Balance – In the fund financial statements, governmental funds report components of fund balance to provide information about fund balance availability for appropriation. Nonspendable fund balance represents amounts that are inherently nonspendable or assets that are legally or contractually required to be maintained intact. Restricted fund balance represents amounts available for appropriation but intended for a specific use and is legally restricted by outside parties. Committed fund balance represents constraints on spending that the government imposes upon itself by high-level formal action prior to the close of the fiscal period. Assigned fund balance represents resources intended for spending for a purpose set by the government body itself or by some person or body delegated to exercise such authority in accordance with policy established by the board. The board has delegated the authority to assign fund balance to the executive director and finance director. Unassigned fund balance is the residual classification for the Authority's general fund and includes all spendable amounts not contained in the other classifications. When restricted, committed, assigned, and unassigned fund balance are all available for an expenditure, it is the Authority's policy to first use restricted, then committed, assigned and finally unassigned fund balance.

E. Tax Status

The Authority is exempt from property taxes. In lieu of property taxes, the Public Housing enterprise fund pays to Crow Wing County 5% of the total annual public housing rents less the total utilities.

**HOUSING AND REDEVELOPMENT AUTHORITY OF BRAINERD
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

An annual budget is adopted for the General Fund and Downtown TIF Fund. Budget appropriations lapse at the end of the year. All budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

B. Deficit Fund Equity

The Downtown TIF Fund had a deficit fund balance of \$171,465 as of December 31, 2022. The fund incurred expenditures that will be reimbursed by taxes collected or by a transfer from the General Fund. The Tax Forfeited Property Fund had a deficit fund balance of \$211 as of December 31, 2022. The fund will be reimbursed through grants or by a transfer from the General Fund.

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Assets

1. Deposits

The Authority maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as "Cash and Investments." In accordance with Minnesota Statutes the Authority maintains deposits at financial institutions which are authorized by the Board of Commissioners.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds.

NOTE 4 DEFINED CONTRIBUTION PENSION PLAN

Plan Description

Qualified employees of the Authority belong to the Housing Renewal and Local Agency Retirement Plan (the Plan), which is a defined contribution retirement plan. The retirement plan is a national plan with local or regional housing authorities and commissions, urban renewal agencies and other organizations eligible to participate. The Plan and Trust are qualified under Section 401(a) of the Internal Revenue Code and their income is exempt from taxation under Section 501(a) of the Code. Plan provisions and contribution requirements are established and amended by the board of trustees.

Terminated or retiring participants are entitled to certain benefits including the full amount of their contributions to the Plan as well as earnings on their contributions. In addition to the amount of their contribution, each participant is entitled to the portion of the employer's contributions in which he or she has a vested interest.

Detailed information concerning the Authority's pension plan is presented in its publicly available annual report for the year ended December 31, 2022. That report may be obtained by contacting the Authority.

Plan Funding

The Plan is funded by employer and employee contributions (7.5% and 5.5% of gross wages, respectively). The Authority's contributions for the year ended December 31, 2022 were \$61,346.

NOTE 5 OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

The Authority operates a single-employer retiree benefit plan (the Plan) that provides health insurance to eligible employees and their spouses through the City of Brainerd's health insurance plan. There are 16 active employees, zero inactive employees, and zero inactive employees entitled to but not yet receiving benefits. Benefit and eligibility provisions are established through negotiations between the City and the Authority and are renegotiated every two years. The Plan does not issue a publicly available financial report.

A. Funding Policy

The Authority has no assets accumulated in a trust that meets the criteria in GASB 75. Contribution requirements are negotiated between the City and the Authority. The eligibility for, amount of, duration of, and the Authority's contribution to the cost of the benefits provided varies by contract and date of retirement. The Authority is funding this liability on a pay-as-you-go basis.

B. Actuarial Methods and Assumptions

The Authority's OPEB liability was measured as of January 1, 2022, and the total OPEB liability was determined by an actuarial valuations as of January 1, 2022.

The total OPEB liability was determined by as actuarial valuation, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	Service Graded Table
Health Care Trend Rates	6.50% Decreasing to 5.00% Over 6 Years

Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale.

The actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study for the period January 1, 2021 to December 31, 2021.

The discount rate used to measure the total OPEB liability was 2.00%. The discount rate is based on the estimated yield of 20-year AA-rated municipal bonds.

B. Actuarial Methods and Assumptions (Continued)

Since the most recent GASB 75 valuation, the following assumption changes have been made:

- The health care trend rates were changed to better anticipate short term and long term medical increases.
- The mortality tables were updated from the Pub-2019 Public Retirement Plans Headcount-Weighted Mortality tables (General, Safety) with MP-2019 Generational Improvement Scale to the Pub-2019 Public Retirement Plans Headcount-Weighted Mortality tables (General, Safety) with MP-2021 Generational Improvement Scale.
- The salary increase rates were updated to reflect the latest experience study.
- The retirement and withdrawal rates were updated to reflect the latest experience study.
- The inflation rate was changed from 2.50% to 2.00%.

NOTE 6 RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; public official liability; and natural disasters for which the Authority carries commercial insurance policies. The Authority retains risk for the deductible portions of the insurance policies and for any exclusion from the insurance policies. These amounts are considered immaterial to the financial statements. There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

NOTE 7 RELATED PARTY TRANSACTIONS

The Authority is a general partner in Trail Ridge, Limited Partnership, a privately-owned housing project located in Brainerd, Minnesota. The Authority's ownership in the project is 30% and its partner capital balance in the project is \$(125,584) at December 31, 2022. During the year, Trail Ridge paid the Authority \$22,717 for partnership management fees and annual tenant administrative fees. As of December 31, 2022, there are unrecorded partnership management fees of \$182,180 that may be paid and recognized in future years if there is sufficient surplus cash. The Authority is a general partner in College Drive, Limited Partnership, a privately-owned housing project located in Brainerd, Minnesota. The Authority's ownership in the project is 42.5% of the .01% of College Drive LLC at December 31, 2022.

NOTE 8 SUMMARY OF SIGNIFICANT CONTINGENCIES AND OTHER ITEMS

Grants

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the Authority expects such amounts, if any, to be immaterial.

Insurance Proceeds

The Authority received \$27,976 in insurance proceeds related to a garage fire during the current year. In these financial statements, the proceeds are netted with the costs incurred to repair the garage.

NOTE 9 TAX ABATEMENTS

The Authority has a tax increment note that was used to finance a redevelopment district to promote economic development within the City of Brainerd as authorized by Minnesota Statutes §469.174. The Authority is required to pay the principal and interest on the note, even if the tax increments collected are not sufficient. The district stops collections in 2031. The increment taxes are based on the increase of the property value after the improvements are made. The agreement calls for 100% of the property tax increments collected to be paid on the note. For the year ended December 31, 2022, the Authority collected and paid \$45,582. The tax increment note was paid off during 2022. Future tax increment collected will be used to pay down the interfund loan between the Downtown TIF Fund and General Fund.

OTHER REPORTS SECTION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
Housing and Redevelopment Authority of Brainerd
Brainerd, Minnesota

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the remaining fund information of the Housing and Redevelopment Authority of Brainerd (the Authority), a component unit of the City of Brainerd, as of December 31, 2022 and the related notes to the basic financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated April 11, 2023. Our report includes a reference to other auditors who audited the financial statements of Trail Ridge II, as described in our report on the Housing and Redevelopment Authority of Brainerd's financial statements. The financial statements of Trail Ridge II were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over financial reporting or compliance on other matters associated with Trail Ridge II or that are reported on separately by those auditors who audited the financial statements of Trail Ridge II.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

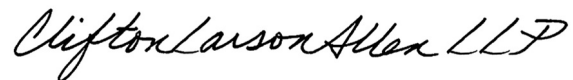

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Commissioners
Housing and Redevelopment Authority of Brainerd
Brainerd, Minnesota

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Housing and Redevelopment Authority of Brainerd's (the Authority) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2022. The Authority's major federal programs are identified in the Summary of Auditors' Results section of the accompanying schedule of findings and questioned costs. The Authority's basic financial statements include the operations of Trail Ridge II which is not included in the Authority's schedule of expenditures of federal awards during the year ended December 31, 2022. Our audit, described below, did not include the operations of Trail Ridge II because it expended no federal awards.

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON MINNESOTA LEGAL COMPLIANCE

Board of Commissioners
Housing and Redevelopment Authority of Brainerd
Brainerd, Minnesota

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the remaining fund information of the Housing and Redevelopment Authority of Brainerd (the Authority), a component unit of the City of Brainerd, as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated April 11, 2023. Our report includes a reference to other auditors who audited the financial statements of Trail Ridge II, as described in our report on the Housing and Redevelopment Authority of Brainerd's financial statements.

In connection with our audit, nothing came to our attention that caused us to believe that the Authority failed to comply with the provisions of the contracting – bid laws, depositories of public funds and public investments, conflicts of interest, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the state auditor pursuant to Minn. Stat. §6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Authority's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance relating to the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions* and the results of that testing, and not to provide an opinion on compliance. Accordingly, this report is not suitable for any other purpose.
